

ION AIR PRO PLUS \$349

ION AIR PRO with the ION Bike & Helmet Kit for the ultimate adventure HD recording experience.

New ION AIR PRO, from World Wide Licences (WWL) Ltd, is one of the first Smart phone compatible action cameras that allows users to shoot high definition video and share in real time via social networking sites. So now, your latest ski run can be uploaded to your FaceBook page before you've even taken off your ski boots!

This clever electronic device comprises two parts: the ION AIR PRO action camera and mini tripod, which when fitted with the detachable accessory - ION the GO WiFi PODZ, enables users to replay video footage and seamlessly transfer it to YouTube, FaceBook or the Internet without the need of a computer or cables. And with over seven hours of battery life, thanks to a 1800 mAmp Battery Booster, this gadget will run and run.

ION the GO, the product's "Shoot & Share" Technology is also fully compatible with both iOS (iPod/iPhone/iPad) and Android devices. This allows users to completely control the AIR PRO camera direct from a Smartphone or Tablet. The relevant Apps can be downloaded free of charge from ION WorldWide via iTunes.

Additionally, the CamLOCK System allows users to attach the AIR PRO camera to any type of helmet such as motor and mountain bike, ski, skydive as well as a handlebar attachment for mounting the camera onto bicycles, jet skis, 4x4 off roadsters and motor bikes. The CamLOCK System is designed to be flexible and record video from all angles without the need to re-mount the camera.

Features

Aimed at professional and amateur photographers, adventurers, adrenalin junkies and recreational sports enthusiasts alike, this product offers users very clear advantages:

- Lightweight - 123g.
- Waterproof to 10m, complete with waterproof microphone to enable high quality audio while offering protection from the elements. This device does not need an additional waterproof outer casing.
